## **Genflow Biosciences Plc**

### **Expansion of Confidentiality Agreements with Tier-1 Animal Health Companies**

Genflow Biosciences Plc (LSE: GENF) (OTCQB: GENFF) (“Genflow” or the “Company”), a biotechnology company focused on the development of gene therapies for age-related diseases announces the expansion of its engagement with participants in the global animal health sector.

Following the positive preliminary interim results reported in an [RNS](#) on February 12, 2026 and the initial execution of confidentiality agreements, the Company has entered into additional confidential agreements with Tier-1 global animal health companies in connection with the ongoing review of data from its canine SIRT6 cent gene therapy programme. These agreements, together with previous confidentiality agreements, reflect a broadening base of third-party evaluation of the Company’s data and underlying technology.

These interactions support an ongoing evaluation process and remain exploratory in nature. The company will provide further updates as appropriate.

Dr Eric Leire, Chief Executive Officer of Genflow Biosciences said: “We are encouraged by continued and new discussions with leading participants in the animal health sector. Our previously reported positive preliminary findings are now being evaluated by a broader group of counterparties under confidentiality agreements as part of an ongoing review of our canine programme. Our focus remains on advancing the programme and generating further data to support future development.”

#### **About Genflow Biosciences**

Founded in 2020, Genflow Biosciences Plc. (LSE:GENF) (OTCQB:GENFF), a biotechnology company headquartered in the UK with R&D facilities in Belgium, is pioneering gene therapies for age-related diseases, with the goal of promoting longer and healthier lives while mitigating the financial, emotional, and social impacts of a fast-growing aging global population. Genflow’s lead compound, GF-1002, works through the delivery of a centenarian variant of the SIRT6 gene which has yielded promising preclinical results. Genflow’s proof-of-concept clinical trial evaluating its SIRT6-centenarian gene therapy in aged dogs began in March 2025. Other programs include a clinical trial that will explore the potential benefits of GF-1002 in

treating MASH (Metabolic Dysfunction Associated Steatohepatitis), the most prevalent chronic liver disease for which there is no effective treatments. Please visit [www.genflowbio.com](http://www.genflowbio.com) and follow the Company on [LinkedIn](#) and [X](#).

#### **DISCLAIMER**

The contents of this announcement have been prepared by, and are the sole responsibility of, the Company.

This announcement may contain forward-looking statements. The forward-looking statements include, but are not limited to, statements regarding the Company's or the Directors' expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statement that refers to projections, forecasts or other characterisations of future events or circumstances, including any underlying assumptions, is a forward-looking statement. The words "anticipate", "believe", "continue", "could", "estimate", "expect", "intend", "may", "might", "plan", "possible", "potential", "predict", "project", "seek", "should", "would" and similar expressions, or in each case their negatives, may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking.

Forward-looking statements include all matters that are not historical facts. Forward-looking statements are based on the current expectations and assumptions regarding the Company, the business, the economy and other future conditions. Because forward-looking statements relate to the future, by their nature, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Forward-looking statements are not guarantees of future performance and the Company's actual financial condition, actual results of operations and financial performance, and the development of the industries in which it operates or will operate, may differ materially from those made in or suggested by the forward-looking statements contained in this announcement. In addition, even if the Company's financial condition, results of operations and the development of the industries in which it operates or will operate, are consistent with the forward-looking statements contained in this announcement, those results or developments may not be indicative of financial condition, results of operations or developments in subsequent periods. Important factors that could cause actual results to differ materially from those in the forward-looking statements include regional, national or global, political, economic, social, business, technological, competitive, market and regulatory conditions.

Any forward-looking statement contained in this announcement applies only as of the date of this announcement and is expressly qualified in its entirety by these cautionary statements. Factors or events that could cause the Company's actual plans or results to differ may emerge from time to time, and it is not possible for the Company to predict all of them. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained in this announcement to reflect any change in its expectations or any change in events, conditions or circumstances on which any forward-looking statement contained in this announcement is based, unless required to do so by applicable law, the Prospectus Regulation Rules, the Listing Rules, the Disclosure Guidance and Transparency Rules of the FCA or the UK Market Abuse Regulation.
